STATEMENT OF PURPOSE FOR MANIFESTATION
FOR PEACE AND DISARMAMENT AT DANA RADAR BASE
June 27, 1965.

We meet at this Saskatchewan Radar Base, a part of the North America's Defence System, to manifest our grave concern for the survival of the human race. Man's traditional reliance on war for security now threatens us with extinction. Nations are armed with enough thermonuclear, chemical, biological, and radiological weapons for the indiscriminate massacre of the world's population. Even so, more various and more powerful weapons are being produced continuously and are being stock-piled by the reputedly 'civilized' nations.

Man is the measure. Craving life for our children and bearing no malice toward any men's children, we present ourselves as petition to the world's leaders to take immediate steps toward the prevention of universal suicide.

We ask, in the name of God and man, that the nations:

1. Ban the testing, manufacturing, and stock-piling of nuclear and other diabolical weapons.
2. Close and dismantle all military bases and recall all military personnel from foreign bases; ban Polaris submarines; destroy existing stores of weapons.
3. Dissolve all regional military pacts and treaties, such as NATO, NORAD, SEATO, and the WARSAW PACT.
4. Replace existing military and national defence establishments with a world peace authority for the express purpose of preserving peace.
5. Abolish military service.
6. In co-operation with the United Nations, create international research grants and institutions for the study and promotion of world peace through the elimination of poverty and injustice.
7. Promote friendship, co-operation, and understanding among the peoples of the world.

The late president Kennedy said:

'Peace is the task and responsibility of all men'.
In order to remind men everywhere of this task and this responsibility, we gather at Dana now.
